## General Comment

We can plan our own retirement. Though it may be hard for the federal government to understand, we CAN and have planned our own retirement. We do not need your help. We, like most all Americans ARE smart enough to figure out our retirement plans. The Federal government is not smarter than the individual. We don't need your help, thank you. Do not pass any more (over-reach, big government) regulations. A Republic is local control, not the Democracy of big federal government over-reach. In other words, let US do our job w/o interference from Washington who does not know US like we know US. When it's our future, believe me, WE know what to do and can figure it out. We don't need BIG BROTHER government stepping in and taking our autonomy away. Please stay out of this. Let us do what WE want and need. WE know what that is!!
